The Board of Health met in special session on Thursday, January 27, 2022 to consider an amendment to the Environmental Health FY 22-23 budget. The amendment involved the salary portion of the proposed budget. The amendment proposal was considered as the Benton County Board of Supervisors approved a 10% increase in salaries for all elected, non-elected, non-union and non-commissioned employees at their meeting on January 25, 2022. That action was taken after the Board of Health had met and considered their portion of the budget in December. After discussion, motion by Mindy/Braxton to approve a 10% increase in salaries for the environmental health staff effective in the FY 22-23 budget. Motion carried: all ayes.

There was discussion about handling the budget process differently next year.

With no further business to discuss motion by Wendy/Mindy to adjourn. Motion carried: all ayes.
