

## IRM Advisory Committee Tour

7/22/25

IRM Staff and the Advisory Committee boarded Conservation's 15 passenger van at 5pm toured past approximately 10 points of emphasis around Benton County. The tour took approximately 2 hours and covered roughly 65 miles. Points of emphasis were: Roadside native plantings, spots with heavy woody plant pressure, areas that invasives have been an issue, and areas with future plans.

### Advisory Committee Members Present:
